Gmail:- [anandyadavedu@gmail.com](mailto:anandyadavedu@gmail.com) | Contact No:- +919889366056 | [GitHub](#) | [LinkedIn](#) | [Leetcode](#)

## EDUCATION

- Rameshwaram Institute of Technology and Management , Lucknow **2019-2023**
  - **Bachelor's of Technology | Computer Science and Engineering | CGPA- 8.4**
- Pt. Madan Mohan Malviya Inter College Sikhari , Ghazipur(UP) **2016-2017**
  - **Higher Secondary(12th) | Uttar Pradesh Board | Percentage- 77%** [Certificate](#)
- Pt. Madan Mohan Malviya Inter College Sikhari , Ghazipur(UP) **2014-2015**
  - **Secondary(10th) | Uttar Pradesh Board | Percentage- 88.17%** [Certificate](#)

## TECHNICAL SKILLS

- **Languages:-** Core Java(Intermediate) | C++ (Beginner) | Python(Beginner) | MySQL (Beginner) | HTML | CSS | JavaScript | React Js | Angular | Bootstrap | Node Js
- **IT Constructs:-** Data Structure and Algorithm in Java | Object Oriented Programming (Java) | Operating Systems | DBMS |
- **Developer Tools:-** Microsoft Visual Studio | Pycharm | GitHub
- **Familiar With :-** React js | Git | Web Scraping | Rest APIs | Web Technologies | SQLite database

## EXPERIENCE

- **Engineer Core | IIIT Allahabad | Winter Training – (Oct/2022 - Nov/2022)** [Certificate](#)
  - Completed **Java Programming** course with Engineer Core Winter Training in association with IIIT Effervescence Allahabad, achieving an **in-depth understanding of Java fundamentals**
  - Acquired hands-on experience in developing application with features such as **multi-threading, data structures, and exception handling**
  - I have **solved 150+ questions on Java** programming during this course
- **Engineer Core | IIIT Allahabad | Winter Training – (Nov/2022 - Dec/2022)** [Certificate](#)
  - Spearheaded the winter training in the **JavaScript** language with Engineer Core Winter Training in association with IIIT Allahabad
  - Demonstrated the ability to effectively manage a training program and build relationships with students

## PERSONAL PROJECTS

- **News Application – (Nov – 2022)**
  - Utilized **Java, XML and News API** to complete Android Studio project
  - News API has been used to collecting different news sources at one spot
  - Optimized the application for user-friendly UI/UX design to improved interactivity and user experience
- **Automatic Post Maker-(Aug - 2022)**
  - I have developed Automatic Post Maker with the help of Web scraping
  - For developing we used **Flask framework** for back-end, **Beautiful Soup** for scrapping, **Html2Canvas.js** for conversion, and **HTML, CSS** for web page development

## CERTIFICATION

- Achieved **Java (Basic)** Verification certificate from **HackerRank**, successfully completing more than 20 programming problems in Java
- I achieved a **Problem Solving Certificate** from **HackerRank** by efficiently solving two coding questions in under 90 minutes

## ACHIEVEMENTS

- I have achieved significant success in programming, earning **5-star ratings in Java**, on HackerRank and **4-star in C++** [HackerRank](#)
- 50+ Coding Problem Solved on LeetCode platform [LeetCode](#)
- Play Regional Sports Meet in Cricket | **Ability to work as team**
- **Event Head** for Code-Bid event in ALGORA - 2022 | College Tech-Fest
- I have served as a **Class Representative** for the first two years in engineering, demonstrating **strong Leadership, collaboration and communication skills**
